Quick Start

Hi there – welcome to Sinespace!

Getting Started

If you downloaded the editor pack, a popup window should have appeared after the pack was installed with a bunch of useful information, if it did not, or you closed it – you can open it via the "Sinespace/About Editor Pack" menu item at the top of the Unity Editor.

This'll be the best spot to look for tutorials and other information.

Additional Resources

We have a large amount of documentation on our wiki and YouTube channels, you can access this via:

Wiki: https://wiki.sine.space/index.php?title=Main_Page

YouTube: https://www.youtube.com/c/SineWave

Getting Help

If you get stuck, have a bug report, or other things – the following resources might be useful.

Bug Tracker: https://issues.sine.space

Discord: https://discord.gg/sinespace

General Contact: contact@sinewavecompany.com

Thanks & we look forward to seeing what you can create!
